

Health and Safety Policy Statement

Our goal is to provide and maintain a healthy training environment at all times at all times for our students and instructors.

1. We ensure adequate control of health and safety risks arising from training activities in all of our training locations. By following our Risk assessments and policies & procedures.
2. We will provide required instruction, training, supervision and other relevant health and safety information to students and Instructors.
3. Ensure that all Instructors are competent to teach and manage the training activities they are engaged in.
4. Continue to consult with and update Instructors on all Health and Safety issues.
5. To provide, as a minimum, 'generic' risk assessments for all common tasks ie training and environmental factors engaged in by Instructors where risk is involved and potential danger has been identified to students and themselves.
6. Encourage all Instructors to take reasonable care for the health and safety of him/herself , fellow Instructors and all students accordingly and to report any hazard which cannot be controlled personally to appropriate personnel. The Senior Instructor/Health and Safety officer.
7. We will consult and maintain contact with all those responsible for our locations and venues on Health and Safety updates and issues.
